## BLUE MONSTER COMPRESSION SEALING TAPE

Blue Monster Compression Seal Tape stops problem leaks **while under pressure** - without turning off the water source! A MUST HAVE for every engineering office!

Tape forms a waterproof seal for leaks up to 150psi, @ up to 500° on everything from galvanized and cast iron pipe to copper and all types of plastics & rubber.

Seals by compression - pull tape as tight as possible to form a chemical reaction that fuses the layers into a mass of silicone. Once fused, forms a heavy-duty bond that serves as an emergency or long-term repair.
